Letter from the Chief Executive Officer and Board President

Patricia J. Goldsmith
Chief Executive Officer

Michael Parisi
President, Board of Trustees

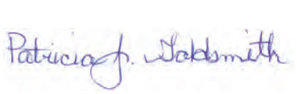
Dear Friends,

Last year, Cancer*Care*® helped 180,000 people affected by cancer. Our master's-level oncology social workers provided counseling services to more than 90,000 people across the nation. Leading oncology experts led 58 Connect Education Workshops, drawing close to 45,000 participants. Cancer*Care* also provided nearly $13 million in financial assistance for cancer-related expenses, and distributed 350,000 free publications.

In the pages of this Annual Report, you'll learn more about Cancer*Care*'s free support services. You'll also read about some exciting new initiatives, including the re-launch of the My Cancer Circle online caregiving tool, #CaregiverCandids social media contest, and Survivorship Celebration held in New York City, as well as programs for families and children including the Pillow Talk Care Package and the Healing Hearts Family Bereavement Camp.

Cancer*Care* is more committed than ever to its mission of being the first place to turn for anyone affected by the challenges of cancer. It is thanks to you—our donors, volunteers, and friends—that we continue to realize this mission.

On behalf of the Cancer*Care* Board of Trustees, Cancer*Care* staff, and the people we serve, thank you for your support and dedication to our mission.



Patricia J. Goldsmith
Chief Executive Officer, Cancer*Care*

Michael Parisi
President, Cancer*Care* Board of Trustees

Our Mission

Cancer*Care* is the leading national organization dedicated to providing free, professional support services including counseling, support groups, educational workshops, publications and financial assistance to anyone affected by cancer. All Cancer*Care* services are provided by oncology social workers and world-leading cancer experts.

Our Impact

financial assistance

This year, we distributed nearly **$13 million** in financial assistance grants

80%

of grant recipients surveyed said our financial assistance increased the likelihood of **completing their treatment**

72%

of grant recipients surveyed said our financial assistance **improved their emotional well-being**

We distributed

21,330 grants

to families in all 50 states and 83% of U.S. counties

emotional support

72,740 calls answered by our HopeLine

In fiscal year 2015, we offered **110 support groups** for patients, caregivers, and the bereaved:

76 online support groups
24 face-to-face support groups
10 telephone support groups

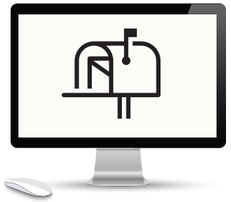
"I can't begin to tell you how very much I value the Cancer*Care* support services, especially the online support groups. I don't know how anyone can cope with a loved one's cancer without being able to communicate with others in a similar situation."

educational resources

This year, we distributed **350,000 publications** nationwide

Our publication library includes over **200** original fact sheets and booklets covering **50 cancer diagnoses**

All of our publications are available as **free downloads on our website**, and many publications can be **shipped anywhere in the U.S.** free of charge



We hosted **58 Cancer*Care* Connect® Education Workshops**, enabling anyone with cancer to access information from top experts

108 leading cancer experts presented on various topics

103

collaborating organizations partnered with Cancer*Care* to promote our educational programs to both national and international audiences

44,589 people participated from **41 countries**

How We Help

At Cancer*Care*®, our services reflect the belief that cancer affects the whole person and their support system. We provide emotional, financial and practical support to people with any cancer diagnosis and their loved ones. Our programs encompass children, teens, adults, patients, caregivers, survivors and the bereaved.

COUNSELING FOR INDIVIDUALS, FAMILIES AND GROUPS

Because cancer often requires intensive medical care, it can be easy to overlook its significant emotional impact. However, a growing segment of the oncology community has acknowledged the crucial importance of addressing the emotional concerns of patients alongside their medical needs.

Cancer*Care*'s staff of professional oncology social workers has addressed this need by providing individual, family and group counseling for over 70 years. All counseling services are offered face to face and over the telephone. Professionally facilitated telephone and online support groups provide emotional support for people facing cancer who are geographically isolated, physically disabled, homebound or have limited local resources in their community. Cancer*Care* also offers face-to-face support groups and an on-site wig clinic.

FINANCIAL ASSISTANCE

Since 1944, Cancer*Care* has established the infrastructure, experience and expertise to quickly and efficiently respond to the constantly evolving financial needs of people with cancer. Cancer*Care* provides direct grants for treatment-related expenses such as transportation to and from medical appointments, pain medications, home care and child care. While most people contacting Cancer*Care* call to secure financial support, more than half will take advantage of our full range of programs and services. During fiscal year 2015, Cancer*Care* **disbursed nearly $13 million** in financial assistance to **more than 21,000 people**.

In 2007, Cancer*Care* established the Cancer*Care* Co-Payment Assistance Foundation (CCAF), a 501(c)(3) nonprofit organization, to address the needs of individuals who cannot afford their insurance co-payments to cover the cost of medications for cancer treatment.

"I just got out of the hospital and opened my mail to find a check from Cancer*Care*, which made all the difference in the world to me. Last week I was lying in a hospital bed, worrying about all the bills I had to pay, and this came at just the right time."

EDUCATIONAL RESOURCES

Cancer*Care*'s free educational programs are highly regarded in the oncology community. We provide the latest and most up-to-date information available on specific diagnoses, treatment options, coping strategies and other emotional and practical cancer-related topics. In 2015 fiscal year, nearly **45,000 individuals** listened to our Cancer*Care* Connect® Education Workshops. Cancer*Care* also welcomed more than **2.2 million visitors** to its websites. Additionally, Cancer*Care* offers face-to-face educational outreach programs at its offices as well as off-site programs in partnership with institutions and organizations in the New York tri-state area.

In 2015, Cancer*Care* distributed more than **350,000 of its free publications** nationwide to health care professionals and people affected by cancer. Our extensive library of more than **200 educational titles** in our Connect booklet and fact sheet series are written by professional medical writers in patient-sensitive language.

Building Community

CELEBRATING SURVIVORSHIP

"I was here in New York, and without my close friends and family nearby I felt there was no real way to absorb what my mom was going through. And that's where Cancer*Care* came in," shared Zoe Mintz, speaking at Cancer*Care*'s first Survivorship Celebration. The event took place on June 4th in our New York City office, and was attended by over 60 Cancer*Care*® clients.

The Survivorship Celebration provided the opportunity for those affected by cancer who had used Cancer*Care*'s services to meet one another and share their stories. "There was a relaxed atmosphere at the event that gave you the opportunity to meet people," said another former Cancer*Care* client. "I came alone and like six people said bye to me when I left!"

BUILDING COMMUNITY ONLINE

"My amazing husband, Bud, with me on 11/11/14 as I prepare for my 11th surgery. I had a total hysterectomy and oophorectomy due to being a BRCA2 mutation carrier. This was an emotionally difficult surgery. He brightens my world when I'm lost in the dark."

In honor of National Family Caregivers Month, we invited the Cancer*Care* community to share photos and stories of a person (or pet!) who provided support to a loved one affected by cancer. The #CaregiverCandids photo contest attracted entries from across the United States, and resulted in many touching comments and displays of support among Cancer*Care*'s online followers.

In fiscal year 2015, Cancer*Care* reached:

OVER 15,000 LIKES

OVER 10,000 FOLLOWERS

HEALING HEARTS FAMILY BEREAVEMENT CAMP

On the first weekend of June, Cancer*Care* hosted the seventh annual Healing Hearts Family Bereavement Camp, a free retreat for families with children coping with the loss of a loved one to cancer. Thirty-one families spent the weekend at Malibu Dude Ranch in Milford, PA at a star-themed retreat, where they swam, rode horses and processed their healing journey.

As evening set in, the families gathered together for a memorial service. The families lit candles, heard the names of their loved ones read aloud, and blew out their candles together. The younger children performed their star dance, and the teens sang a song they composed.

"The camp was very special to me and my family. When I met all the kids at the camp I felt like I was not the only one who felt the way I did. All of the social workers were so nice. The ranch was pretty and I know my dad would have loved it. I hope that I can be a volunteer there so I can help new people like me and my family." – Cole, age 10

As the families prepared to depart on Sunday morning, the focus of the camp shifted towards how to take this space of resilience and belonging into everyday life. Adults and teens attended a resilience panel, featuringtalks by Cancer*Care* clients who experienced the loss of a parent, a spouse or a child, and found ways to cope over time. For the rest of the day, the families were free to enjoy the activities at the camp.

Over the course of the weekend, there were many tears shed but also laughter and friendships made. We were so pleased to hear that every family asked to come back next year.

Working Together to Spread Help and Hope

Cancer*Care*'s corporate partnerships allow us to embark on innovative and far-reaching campaigns. In fiscal year 2015, we teamed up with a number of organizations to help caregivers stay organized, offer financial assistance to low-income patients, provide families with nutritious meals and more! These are just a few of the collaborations we've embarked upon this year. See page 22 for a full list of Cancer*Care*'s corporate and foundation partners.

AVONCARES

Cancer treatment not only includes medical expenses, but also practical costs such as transportation to and from treatment, home care and child care. Thanks to AVONCares, a partnership between Cancer*Care*® and the Avon Foundation for Women, financial assistance and other support services have been made available to under-served women facing cancer in all 50 states. Over the past 14 years, AVONCares has provided more than $21.6 million to help these women cope with cancer.

LINKING A.R.M.S.

This year, Cancer*Care* received a $1.5 million grant to assist people diagnosed with breast cancer. The generous grant will support Linking A.R.M.S., a Cancer*Care* program in partnership with Susan G. Komen.

Linking A.R.M.S. provides financial assistance for breast cancer patients for hormonal and oral chemotherapy, pain and anti-nausea medication, child care, transportation, lymphedema care and durable medical equipment. Last year alone, Cancer*Care* provided direct financial assistance to 1,356 breast cancer patients undergoing treatment.

MY CANCER CIRCLE

When someone is diagnosed with cancer, family and friends often want to help, but don't know how. Cancer*Care*'s free online tool, My Cancer Circle, provides a way to assign and organize these tasks, giving much-needed support to people and families coping with cancer.

My Cancer Circle™
POWER OF COMMUNITY

CARIBOU COFFEE

For the third year, Caribou Coffee offered its Caribou Coffee Amy's Blend collection of coffee, tea and merchandise from September 27 through October 31, raising more than $200,000 for Cancer*Care*.

THE PILLOW TALK CARE PACKAGE

Talking about cancer can be challenging, especially if young children are involved. Cancer*Care*, with the support of Bayer HealthCare, is providing 25,000 free Pillow Talk Care Packages to help guide families in these conversations. Simply visit our website to order a kit.

MAGNOLIA MEALS AT HOME

Magnolia Meals at Home® is a program that delivers nutritious meals at no-cost to patients living with breast cancer and their families. Sponsored by Eisai, the program aims to ease the burden on families by eliminating the need to prepare some meals, enabling loved ones to spend more quality time together.

magnolia
meals at home®

MEN WHO SPEAK UP

Cancer*Care* is proud to partner with Bayer HealthCare and the International Prostate Cancer Coalition for Men Who Speak Up, an educational initiative focused on symptoms of advanced prostate cancer. The campaign was shaped by a Harris Poll survey which found that nearly 7 in 10 men sometimes ignore the symptoms of prostate cancer, potentially risking their health and delaying further treatment for their advanced disease.

MENWHOSPEAKUP
ABOUT ADVANCED PROSTATE CANCER

"I would just like to thank you for helping me. The impact you make on the quality of life for cancer patients should not be taken lightly. You guys are such a blessing. Thank you so much Cancer*Care*." – Bernadette, from Philadelphia, PA

Cancer*Care*'s Regional Offices and Fundraisers

Cancer*Care*'s regional offices in New Jersey, Connecticut and Long Island offer programs and events to people touched by cancer who live within the New York tri-state area. Along with Cancer*Care*'s national office, located in Manhattan, these offices make up the heart of our national community.

CANCER*CARE* GALA

In April, friends of Cancer*Care*® gathered at Cipriani 42nd Street in New York City to honor individuals and institutions whose kindness makes our work possible. The evening raised nearly **$1 million** to ensure that Cancer*Care*'s programs and services remain free and available to provide vital support to anyone affected by cancer.

Legendary news anchor and melanoma survivor, Sam Donaldson, served as the honorary co-chair and expressed his heartfelt appreciation and admiration for the impact Cancer*Care*'s oncology social workers make. "Cancer*Care* gives hope in so many ways and that's so important," Mr. Donaldson said. "I can tell you from experience. I'm a member of the cancer club—melanoma division…Cancer*Care*, the work you do is so important."

Cancer*Care*'s commitment to the families and loved ones affected by cancer was on display when Myron Theilmeier, the evening's client speaker, took the stage to express his gratitude for the continued support he and his family received after his dad passed away from colon cancer in 2013.

Cancer*Care* Board of Trustees President and Ogilvy CommonHealth Worldwide Managing Partner Michael Parisi presented the Partnership Award to Astellas US, LLC and Medivation, Inc. Mr. Donaldson presented the 2015 Help & Hope Award to Burt Zweigenhaft, then Vice Chairman and Chief Strategy Officer of Onco360 and longtime supporter of Cancer*Care*'s programs and services.

TD FIVE BORO BIKE TOUR

There is no event like the **TD Five Boro Bike Tour**, and Cancer*Care* is proud to have been selected as an official "Charity Partner"in 2015. The Tour is a cyclist's dream, providing an opportunity to ride, along with 32,000 participants, through Manhattan, Brooklyn, Queens, Staten Island and the Bronx, entirely free of cars. Cancer*Care's* team raised over $15,000 through shows of support by friends and family.

We commend our riders and fundraisers for being incredible ambassadors for Cancer*Care*!

NEW JERSEY

Innovative programs and commitment to community embodies the spirit of the New Jersey office. From a breast cancer support group, to workshops aimed at reducing anxiety, to the Healing Hearts Family Bereavement Camp, Cancer*Care*'s Ridgewood office has been vital in helping New Jersey families cope with cancer.

The Festival of Hope Gala is an annual celebration that recognizes the individuals and corporate partners who share Cancer*Care*'s commitment to supporting people affected by cancer. Led by committee co-chairs and New Jersey Board of Managers members Shabnam Kazmi and Michael Morrone, the 27th Annual Festival of Hope Gala was one of the most successful to date in raising vital funding to sustain our mission. This year, Cancer*Care*® was privileged to honor Frank Clyburn, President of Merck's Global Oncology Business Line, for the company's dedication to Cancer*Care*'s programs and services.

Jill DeSimone, Senior Vice President of the Oncology Customer Business Line at Merck, accepted the Individual Achievement Award on behalf of Mr. Clyburn and thanked Cancer*Care* "for helping ensure that so many have the care and assistance they need to deal with cancer head on. Cancer is a disease that requires more than just physical treatment; it requires a dedicated support network to focus on the emotional well-being of patients and loved ones alike."

Diane Greenwald, a Cancer*Care* client who addressed our guests, served as a poignant example of the impact that our programs make in people's lives.

The annual **Paramus Walk/Run for Hope** gathers hundreds of participants in a powerful show of love for Cancer*Care*'s mission. The 2014 event was a fantastic success with over $125,000 raised by teams, sponsors and generous participants.

CONNECTICUT

Cancer*Care*'s Connecticut office serves as a vital resource for all individuals and families whose lives have been impacted by cancer. The office's wig program provides free wigs to patients who have undergone or are currently in treatment. Ensuring that a language barrier does not stand in the way of receiving support services, the Connecticut offices has an extensive outreach program aimed at the state's Spanish-speaking residents. The Breast Health Education and Outreach Program for Diverse Communities seeks to reduce racial and ethnic disparities relative to breast cancer.

Cancer*Care*'s Connecticut community is committed to sustaining and growing local programming. In fiscal year 2015, over 700 participants gathered for the 3rd Annual **Greenwich Walk/Run for Hope** and 8th Annual **Fairfield Walk/Run for Hope** to celebrate survivors, honor those who have passed away and join as a community on behalf of Cancer*Care*'s mission.

Golf fanatics tested their limits, for the 19th year, by participating in the **Longest Day of Golf** marathon event. Beginning at sunrise and playing until sunset, golfers spent the day competing and fundraising at some of Connecticut's most exclusive clubs. In the months before their tournaments, players set up donation pages and encouraged friends, family and colleagues to support them by donating to Cancer*Care*. Chaired by Board of Trustees member Chip Steppacher, the series of events raised over $100,000.

LONG ISLAND

Cancer*Care*'s Syosset office is home to our Lung Cancer Support Program, the only ongoing lung cancer support program on Long Island. The face-to-face support group gives participants the opportunity to share their experiences, concerns, and fears in a safe, supportive environment. The office also hosts a Caregiver Support Group for caregivers of people with cancer, and provides free wigs and wig fittings.

Nowhere is the strength of our Long Island community more evident than at the annual **Lung Cancer Walk for Hope**. The 12th annual event drew nearly 1,000 walkers who came out to show their support for the Lung Cancer Support Program. Walkers braved a chilly and windy November day at the Town of Oyster Bay Golf Course, but were determined to make it another fantastic day in support of those affected by lung cancer.

The 2015 **Cancer*Care* Classic Golf Tournament**, chaired by Cancer*Care* Board of Trustees members Christine Converse Hogan and John N. Evans, was both a fun event and a heartwarming display of kindness and dedication to those in need. The Creek Club, a historic venue in Locust Valley, Long Island, provided a stunning setting for the annual event.

Cancer*Care*® Financial Summary

A cancer diagnosis changes everything. It turns someone's world upside down—emotionally, physically and financially.

Cancer*Care* is here to help.

Founded in 1944, Cancer*Care* is the leading national organization providing free, professional support services and information to help people manage the emotional, practical and financial challenges of cancer. Our comprehensive services include counseling and support groups over the phone, online and in-person, educational workshops, publications and financial and co-payment assistance. All Cancer*Care* services are provided by oncology social workers and world-leading cancer experts.

Cancer*Care* programs and services help 180,000 people each year. We distribute 350,000 publications and welcome 2.2 million website visits annually. In the past year, Cancer*Care* provided nearly $13 million in financial assistance. The size and scope of Cancer*Care* has grown tremendously since 1944, but it has never wavered from its mission of providing help and hope to people affected by cancer.

To learn more, visit **www.cancercare.org** or call **800-813-HOPE (4673)**.

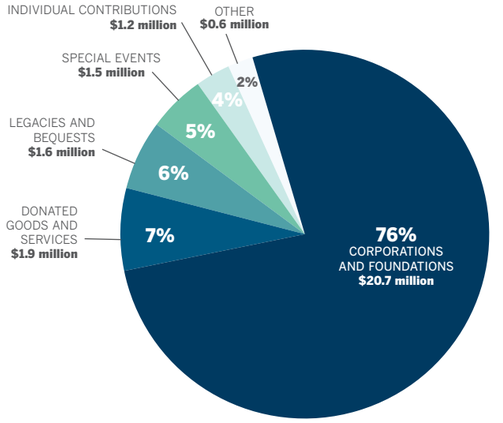
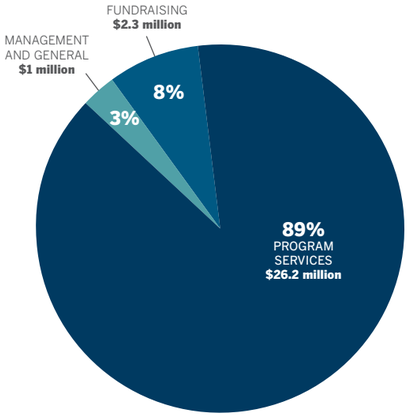
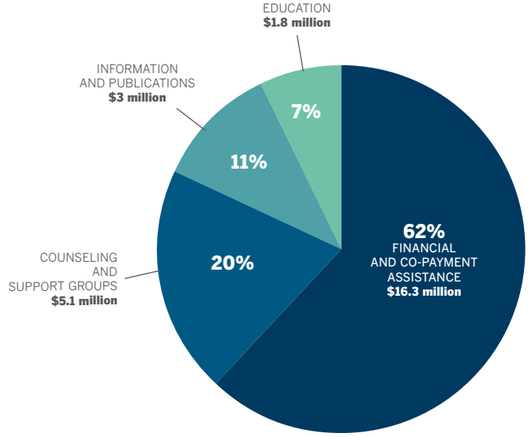
Revenue
$27.5 million



Expenses
$29.5 million



Program Services Distribution
$26.2 million



Dear Cancer Care Staff:

I would like to thank you for helping me and providing me with a check to help with my cancer care. Thank you for brighten up the day considering how difficult and stressful a cancer diagnosis can be. A little sunshine can go a long way. I wanted to let you know that your donation did make a difference in my life and helped me. Again, thank you for your compassion, kindness, and help in all that your staff does. You made it possible for me and my family so thank you.

Cancercare:

I wanted to "Thank You" for the check you had sent for expenses while I was going through chemo. treatments.

The free gift was a blessing to me!

Your generosity was/is greatly appreciated and will never be forgotten!

Thank You & God Bless!

Sincerely,

Breast Cancer Overcomer!

For the kindness you've shown.

P.S.: My Dr. says I'm "cancer-free" now... and all I have to do is eat right, exercise & take a pill (for estrogen) once a day for the next 10 yrs.!

Dear Cancer Care Organization

Thank you from the bottom of my head for your help. Your gift to our family was a huge help, and took some of the burden off of us so we could concentrate on my help. Would have sent this sooner, but it spread to my brain and everything has crazy. Thanks!

I just wanted to Thank You for your generosity. It's comforting to know that there's resources like you to help out in finacial needs. So again, Thank You

Dear Cancer Care and friends,

Healing Hearts Camp was so helpful and fun because they had entertainment, food, games, a pool, making new friends and so much more! It was nice making new friends that went through the same thing. Thank You for taking your time to do this for us. ♥

Love,

Carly age 11
