

CancerCare

CancerCare is a national nonprofit organization that provides free professional support services to anyone affected by cancer: people with cancer, caregivers, children, loved ones, and the bereaved. CancerCare programs - including counseling, education, financial assistance and practical help - are provided by trained oncology social workers and are completely free of charge. Founded in 1944, CancerCare now provides individual help to more than 90,000 people each year, in addition to the 1.4 million people who gain information and resources from its website. Find out more about CancerCare by calling **1-800-813-HOPE (4673)** or at **www.cancercare.org**.

CancerCare is pleased to have collaborated with the following organizations in offering this telephone education workshop series:

American Society of Clinical Oncology

Help and Hope

Important Questions

What is a Telephone Education Workshop?

CancerCare's free Telephone Education Workshops are educational seminars that are conducted over the phone. The workshops are a way for people from across the country and internationally to learn about cancer-related issues from the convenience of their home or office. Leading experts in oncology provide the most up-to-date information on the telephone.

How do I participate?

All you need is a telephone to participate in a Telephone Education Workshop. Participation is free, and no phone charges apply.

How do I register?

You may mail the registration form provided to CancerCare or register online at www.cancercare.org. After you have registered, you will receive additional information and instructions.

This Telephone Education Workshop Series is made possible by an educational grant from Ortho Biotech Products, LP.

Workshop Schedule

Finding New Ways to Cope with Fatigue

Tuesdays

1:30 - 2:30 p.m. Eastern Time
