# Telephone Support Groups

CancerCare offers a variety of telephone support groups for people affected by cancer. Each group meets by phone over a 12-week period and is led by a professional oncology social worker. We are currently seeking people to participate in the following groups.

## Patients and Survivors

### Breast Cancer (Stages I-III)

For women currently in active treatment

### Breast Cancer (Stage IV)

### Cervical Cancer

### Women with Cancer (All Diagnoses)

### Women with Cancer (in Spanish)

### Ovarian Cancer

For women diagnosed within the last two years

### Spanish-Speaking Women

For Spanish-speaking women diagnosed with cancer

### Colorectal Cancer

### Pancreatic Cancer

### Post-Treatment Survivorship

For people who have completed active treatment

## For Caregivers of People with Cancer

### General Group

For people providing care to a loved one with cancer

### Pancreatic Cancer

For people who have a loved one diagnosed with pancreatic cancer
