The end of winter can be a dark time for young adults who are navigating a cancer diagnosis and treatment. Candle-making with others who may share similar experiences can brighten these cold winter days. **This free event is open to young adults aged 18 to 39 in active cancer treatment or within 2 years of treatment who are living in New York or New Jersey.**

Participants can bring one family member or friend with them (18+).

Spots are limited. For more information or to register, please contact our Hopeline at 800-813-HOPE (4673), Dina Smith, LMSW, at dsmith@cancercare.org or Hayley Feuchs, LMSW, at hfeuchs@cancercare.org.
