

# Wagging FOR Wellness

PRESENTED BY CANCERCARE  
& THE PAW PROGRAM

CancerCare and the Pet Assistance & Wellness (PAW) Program are pleased to host the Therapy Dogs of Long Island at our Long Island office. Spending time with a therapy dog can help relieve stress and ease both emotional and physical pain. If you're an animal lover, please join us to learn more about how animals can help those affected by cancer and enjoy a visit with certified therapy dogs.

**This free program is offered to patients with cancer and their caregivers. Space is limited and registration is required.**

To register, please contact Victoria Puzo, LCSW, at [vpuzo@cancercare.org](mailto:vpuzo@cancercare.org).
