

Specialized Services

Everyone's cancer experience is different. We offer services to meet your particular needs, including specialized services for young adults, women's cancers, men's cancers, the LGBT community, people who have completed treatment and caregivers.

All services are also available in Spanish.

CancerCare®
National Office
275 Seventh Avenue
New York, NY 10001

800-813-HOPE (4673)
www.cancercare.org

Founded in 1944, CancerCare® is a national,
501(c)(3) organization.

Cancer changes everything.
Help & Hope.

For more than 75 years, CancerCare® has helped people across the U.S. cope with the emotional and financial challenges of cancer.

Our professional oncology social workers will tailor services to your individual needs and concerns. We assist anyone with any type and stage of cancer, as well as survivors, families and caregivers.

All of our services are free of charge.

CANCERCARE® SERVICES INCLUDE:

Counseling and Support Groups

Receive one-on-one help, or join a group to share your experience and learn from others. You will always work with a professional oncology social worker—over the phone, online or in person.

Resources and Information

We answer your questions and provide guidance. We also provide you with up-to-date information and resources in your community and nationwide.

CancerCare Connect® Education Workshops

Hear the latest cancer information directly from leading medical experts in these one-hour presentations. Listen live by phone or download podcasts of past workshops from our website.

Publications

Find up-to-date, easy-to-understand information about cancer in our booklets and fact sheets, in print and online.

Financial Help

Get guidance on money matters. You may also qualify for limited aid to help cover treatment-related costs like transportation and child care.

Co-Pay Assistance

Through our CancerCare® Co-Payment Assistance Foundation (CCAF), we may be able to help you afford co-payments for chemotherapy and targeted treatment drugs.
