

Eye and Vision Concerns: Resources and Support

Vision changes can be a side effect for some people with cancer. Symptoms may include irritated or dry eyes, tearing, redness, pain and blurred vision. This fact sheet will cover:

- First areas of support
- National organizations for eye and vision side effects

CancerCare and Your Health Care Team

Tell your health care team, if you have any eye-related changes during or after treatment. At times, treatment can be adjusted. More often, they can guide you to help the side effects.

CancerCare has oncology social workers who can assist with emotional concerns as well as practical information. Call us at 800-813-HOPE (4673).

In addition to the above, CancerCare provides financial assistance for people with ocular cancer or any cancer that has had a severe impact on vision. Grants may be applied towards the costs of transportation, home care, child care, treatment expenses, prescription medications, prosthetic devices and genetic counseling. The program is restricted to residents of New York, New Jersey and Connecticut and is funded by a grant from Lavelle Foundation for the Blind.

Eye and Vision Resources

CancerCare's Online Helping Hand

www.cancercare.org/helpinghand

CancerCare's Online Helping Hand is a searchable, online database of financial and practical assistance available for people with cancer. This comprehensive online tool features up-to-date contact information and descriptions for hundreds of national and regional organizations offering financial help to people with cancer. You can search by diagnosis, zip code and type of assistance.

EyeCare America

www.aao.org/eyecare-america

877-887-6327

EyeCare America provides free eye exams for qualifying patients and may be able to provide drug discounts and other assistance. More information is available on their website.

Eye and Vision Resources

Lions Club International

www.lionsclubs.org
630-571-5466

Lions Club International provides resources for a number of different focus areas worldwide. A nearby Lions Club may sponsor a program that provides assistance for the access to health-related services, scholarships or educational needs.

Visit www.lionsclubs.org/en/start-our-approach/club-locator to locate a local Lions Club.

New Eyes for the Needy

www.new-eyes.org
973-376-4903

New Eyes for the Needy helps some individuals acquire prescription eyeglasses through a voucher program for children and adults in the United States who cannot afford glasses on their own. Visit their website for more information.

VSP Global

www.vspvision.com/eyes-of-hope/get-help.html

VSP operates through a network of community partners to provide gift certificates for no-cost eye exams and glasses from a local doctor. VSP Eyes of Hope provides assistance to adults and VSP Sight for Students provides assistance to children nineteen years old and younger.

CancerCare® Can Help

Founded in 1944, CancerCare is the leading national organization providing free support services and information to help people manage the emotional, practical and financial challenges of cancer. Our comprehensive services include resource navigation, counseling and support groups over the phone, online and in-person, educational workshops, publications and financial and co-payment assistance. All CancerCare services are provided by master's-prepared oncology social workers and world-leading cancer experts.
