# Living With Cancer

## *Spanish-Speaking Patient Support Group*

**A diagnosis of cancer can come when you least expect it, and it changes your world completely.**

**You may feel anxious and have questions about what lies ahead. The opportunity to join a group of people who understand what you are going through can be very comforting.**

CancerCare is currently recruiting Spanish-speaking participants who have been diagnosed with cancer and are receiving a form of active treatment (which may consist of surgery, chemotherapy, radiation, hormonal treatments and/or advanced cancer treatment). This group is led by a professional oncology social worker and will run for twelve weeks.

# Viviendo con Cáncer

## *Grupo de apoyo para personas con cáncer en español*

**Un diagnóstico de cáncer le puede llegar cuando menos lo espere y de repente su mundo ha cambiado.**

**Puede sentirse ansioso(a) y tener preguntas acerca de lo que está por venir. La oportunidad de unirse a un grupo de personas que entienda lo que usted está pasando puede ser tranquilizador.**

Actualmente CancerCare está reclutando personas que han sido diagnosticados con cáncer y están recibiendo una forma de tratamiento activo (y puede consistir en cirugía, quimioterapia, radiación, tratamientos hormonales y/o tratamiento avanzado de cáncer). Este grupo lo dirige un trabajador social de oncología profesional y el grupo funcionará a lo largo de doce semanas.
