Living Beyond Cancer: Post-Treatment Survivorship Support Group Biweekly Support Group

Treatment is over, now what? Often, the emotional impact of a cancer diagnosis doesn't really hit home until you have completed treatment. The opportunity to connect with others can make the transition into live after cancer easier to navigate.

DESCRIPTION

CancerCare is offering a free, 8-week live support group for people who have completed treatment within the last 18 months. This group will provide a safe place to exchange support, get information and receive guidance while discussing the unique challenges of living through post-treatment survivorship.

START DATE:

This support group meets Tuesday evenings.

This group will utilize a secure video platform. Group members will still have the option to call in if they do not have access to video technology.
