**Learning you have cancer is incredibly challenging, especially as a young adult. You may feel overwhelmed, anxious and alone as you navigate your diagnosis and treatment. This group will provide the opportunity to connect with other individuals facing similar challenges, while providing a space to process the emotional and physical impacts of treatment.**

### DESCRIPTION

CancerCare is offering a free, 8-week live support group for people in New York between the ages 20-39 who have been diagnosed with cancer and are receiving a form of active treatment (which may consist of surgery, chemotherapy, radiation, hormonal treatments and/or advanced cancer treatment).

### TIME

This support group meets biweekly on Tuesdays from 5:30 to 7 p.m. ET.

This group will utilize a secure video platform. Group members will still have the option to call in if they do not have access to video technology.
