Living With Cancer *Patient Support Group*

A diagnosis of cancer can come when you least expect it. Suddenly your world has changed.

You may feel overwhelmed and anxious and have questions about what lies ahead. The opportunity to connect with others living with cancer can help you not feel so alone.

CancerCare is currently recruiting participants who are diagnosed with cancer and are receiving a form of active treatment (which may consist of surgery, chemotherapy, radiation, hormonal treatments and/or advanced cancer treatment). This group is led by a professional oncology social worker and will run for twelve weeks.
