Caregiver and Loved Ones *Telephone Support Group*

Has your parent, sibling, spouse, family member or friend been diagnosed with cancer?

Caring for a loved one can be an overwhelming experience. Adjusting to this new role, navigating the medical system and finding balance between providing care for yourself as well as your loved one, can be difficult. Connecting with others who are in similar situations can be a powerful and comforting experience to help you feel less alone.

CancerCare is currently recruiting caregivers. This group is led by a professional oncology social worker and will run for twelve weeks.
