

LIVING BEYOND CANCER: YOUNG ADULT POST-TREATMENT SURVIVORSHIP SUPPORT GROUP

Treatment is over, now what? Often, the emotional impact of a cancer diagnosis doesn't really hit home until you have completed treatment.

Hayley Feuchs, LMSW
Oncology Social Worker

CancerCare is offering a free, biweekly live support group (8 sessions) for people in New York in their 20s and 30s who have completed treatment within the last 18 months.

This group is open to New York clients and is free, but pre-registration via Zoom is required.

BIWEEKLY TUESDAYS FROM 5:30 p.m. - 7 p.m. ET

This group will provide a safe place to exchange support and receive information and guidance while discussing the unique challenges of living through post-treatment survivorship.

This group will be held virtually using Zoom. If you are not able to use the video function, you will also be able to call into the group.
