CancerCare Women's Cancers Program Weekly Support Group

CancerCare's Women's Cancers Program acts as a primary and comprehensive source of support, information and guidance for women facing cancer and their loved ones. Our goal is to meet women wherever they may be on their cancer journey.

CancerCare is currently recruiting participants who have been diagnosed with cancer and are currently receiving a form of treatment or have received treatment within the past 18 months (which may consist of surgery, chemotherapy, radiation, hormonal treatments and/or advanced cancer treatment). This is an opportunity to connect with other women who have been diagnosed with cancer and to learn, share and support one another.

This group is led by CancerCare's Women's Cancers Program Coordinator, Lauren Chatalian, and will run for 12 sessions beginning in October. The group will meet Wednesday evenings.
